Address Policy WG Charter

Charter

The Address Policy Working Group develops policies relating to the management and registration of Internet addresses and routing identifiers (currently IPv4, IPv6 and ASN) by the RIPE NCC and the LIRs within the RIPE NCC service Region.

The WG co-ordinates its work with the appropriate bodies of the other RIRs.

The Address Policy WG meets at RIPE meetings and has an open and [publicly archived mailing list](#).

Anyone with an interest in Internet numbering issues is welcome to observe participate and contribute to the WG.
