- usefulness/consistency (WW144)[~10 min]

Y. Input from other WGs

Z. AOB

Open Actions for RIPE48 DB-WG

[AP-43.9 RIPE NCC]

To track outdated references to the IRRToolSet on the web and correct them.
[Ongoing and combined.]

[AP-45.5 RIPE NCC]

To document proposal on organisation object and re-circulate on mailing list.
[Will be ready in approx 2 weeks. Ongoing.]

[AP-45.6 RIPE NCC]

To collate responses (to organisation object) and make a start on implementation
[Ongoing.]

Open Actions for RIPE48 DB-WG

[AP-46.3 RIPE NCC]

Add reverse lookup feature for key-cert objects. [Ongoing, no progress.]

[AP-46.5 Wilfried Woeber]

Coordinate with RIPE NCC to prepare a document summarizing basic assumptions about the use of the database.

Presentation at RIPE-47 by WW144.

[Ongoing]

[AP-47.1 RIPE NCC]

Set a deadline for the commencement of work on prototype server code, taking into account the likely availability of standards.

Open Actions for RIPE48 DB-WG

[AP-47.2 Randy Bush, Niall O'Reilly]

Create a short proposal on setting up an appropriate scheme for a simple abuse contact (either "abuse" or "abuse-c")

[AP-47.3 RIPE NCC]

Write a document properly documenting the use of the IRT object for reporting abuse.

[AP-47.4 WW144]

To send a note to DB-WG mailing list to ask how many are using the DB software, and on what platform.
